Update from UCSC: Fall 2010 Events

UC Santa Cruz Preview Days 2010 will be October 16 and 23.

Dear Colleague:

Greetings! We hope your academic season has started well. The Office of Admissions at UC Santa Cruz wants to make sure you're aware of the following important dates for this fall.

Friday, October 1
UC Application Opens - Expected opening date for students to access the [online application](http://admissions.ucsc.edu/pday) for fall 2011. Although students will not be able to submit their application until the filing period of November 1-30, we encourage them to get an early start, begin entering and saving their information, and begin crafting their Personal Statement.

Saturdays, October 16 (Transfer-specific) and 23 (Frosh and Transfer Information)
UCSC Preview Days - UCSC will host Preview Days on campus for prospective students and families. Preview Days provide an opportunity to learn about UCSC and our distinctive college system and to tour the campus. Three sessions will be offered per day, providing a comprehensive overview of the UC Santa Cruz experience, including academics, campus life and the colleges, and the application and selection process. Each session will be followed by a walking tour of the academic core of campus led by Admissions' trained student tour guides.

The sessions on October 16 will feature transfer-specific information, while the October 23 sessions will feature information for both freshmen and transfers.

For more information and registration, go to [admissions.ucsc.edu/pday](http://admissions.ucsc.edu/pday).

The Preview Day web site will be updated with additional information regarding upcoming campus events. Check back regularly for updates.

Wednesday and Thursday, November 3-4, Fall College Fair (National College Fair)
CollegeWeekLive is an innovative online, virtual college fair. These free events, hosted on the web by CollegeWeekLive, are a chance for you, your students, and their families to gather information about UC Santa Cruz, connect with staff and students, and have your questions answered through live online discussions. We are excited about these events because they provide a college fair experience for students who do not have the time or the funds to attend traditional college fairs.
