Update from UCSC: UC Application Deadline Extended

Dear Colleague:

UC is giving students two extra days to apply for fall 2010 due to technical difficulties that some students may have experienced submitting their application last night (November 30).

The application deadline has officially been extended to 11:59 p.m. PST, December 2. Students must complete and submit their application no later than this extended deadline to be considered for fall 2010.

The Technical Help Desk will be open from 1 p.m. to midnight on December 1 and December 2. Their number is (800) 914-8820 (in California) or (925) 808-2150 (outside California).

Thank you in advance for your help passing along this important information to your students.

Best wishes,
UC Santa Cruz
Office of Admissions
