Admission & Selection

UC SANTA CRUZ ADMISSIONS INFORMATION FOR TRANSFER STUDENTS

The selection process for transfers to UC Santa Cruz reflects the academic rigor and preparation needed for admission to a major research institution. Junior-level transfer students selected for admission are expected to graduate within two years of their initial enrollment.

Selection Criteria:
To be considered for admission by UC Santa Cruz, junior-level transfer students must have completed the following by no later than the end of the spring 2019 term:

1. Complete at least 60 semester units or 90 quarter units of UC-transferable coursework.
2. Complete the following UC-transferable course pattern with minimum C (2.00) grades. Each course must be at least 3 semester units/4 quarter units:
   a. Two English composition courses

   c. Four courses from at least two of the following subject areas: arts and humanities, social and behavioral science, and physical and biological sciences

Lower-division Transfer Students
UC Santa Cruz will admit a limited number of transfer students before they reach junior standing, provided all required coursework is completed prior to enrollment.

UC Transfer Admission Planner (UC TAP)
UCTAP is an online tool designed for California community college students interested in transferring to UC, including those who are seeking a TAG. The planner helps students track their progress toward meeting UC’s minimum requirements, and allows UC staff to communicate important information to prospective transfer students.

Applicants with International Academic Records
UCSC welcomes transfer students from outside the United States. We require all applicants whose first language is not English to adequately demonstrate English competency as a part of the application process. One of the ways that transfer students may fulfill this requirement is by completing two UC-transferable English composition courses (not ESL) in the U.S. with grades of B (3.00) or higher.
