

PAVE YOUR PATH TO UNIVERSITY WITH

SUMMER PROGRAMS

HIGH SCHOOL SUMMER PRE-COLLEGE OPPORTUNITIES

Enroll in an actual UCSC undergraduate university course & earn UC credits!

UC SCOUT

UC-approved courses online! Improve your a-g coursework, re-take a class, or supplement coursework. With 65+ courses, video lessons are **free**, and scholarships are available for on demand courses.

FREE PYTHON PROGRAMMING TUTORIAL

Learn Python for **free** in this online course, with sessions led by Distinguished Professor of Astronomy and Astrophysics Raja GuhaThakurta!

SCIENCE INTERNSHIP PROGRAMS (SIP)

Spend the summer working on research projects across the academic disciplines under the mentorship of UCSC researchers. **Scholarships** are available.

PRE-COLLEGE SUMMER ENRICHMENT PROGRAM

Offered by UCSC Silicon Valley Extension, these 2-3-week sessions have exciting topics like Startup Entrepreneurship, AI/Machine Learning, and Video Game Design.

SHADOW THE SCIENTISTS

In this **FREE** program, connect with UCSC scientists engaging in authentic experiments, such as astronomy observing experiences on world-class telescopes.
